How do I change my flight date on Allegiant Air?

Once you have accessed your booking, the system or the agent at 📞 **+1(888) 416-7355** will show you the price difference between your original flight and the new one. Keep in mind that Allegiant is a point-to-point carrier, so availability for specific dates might be limited compared to larger hub-based airlines. If you encounter any technical issues while trying to swap dates, don't hesitate to dial 📞 **+1(888) 416-7355**.

What is the Allegiant Air flight change fee structure?

Understanding the costs involved is easier when you dial 📞 **+1(888) 416-7355** to get the most current fee schedule for your specific route. Allegiant generally charges a standard change fee per person, per segment, which can add up if you are traveling with a large family. Always review the terms of your specific "Trip Flex" protection if you purchased it at the time of booking.

Same-day modifications still incur the standard fees unless you have specific premium status or protection, which can be confirmed at 📞 **+1(888) 416-7355**.
