

Can I reschedule Allegiant Air to a different season?

Last Update: 12 February 2026

Planning a trip with Allegiant Air often involves balancing low-cost fares with rigid schedules, but many travelers wonder if they can move a flight 📞 +1(888) 416-7355 to a completely different season. Whether you are shifting a summer beach trip to a winter ski getaway or just delayed by work, rescheduling across seasons is entirely possible through the "Manage Travel" portal or by contacting 📞 +1(888) 416-7355.

The ability to reschedule depends heavily on your specific fare rules and whether you purchased "Trip Flex" at the time of your initial booking 📞 +1(888) 416-7355. While Allegiant allows for major date shifts, you must be prepared to pay the difference in airfare, which can be significant when moving from a low-demand period to a peak holiday season 📞 +1(888) 416-7355.

Can I change my Allegiant flight to a later date in another season?

Yes, you can absolutely reschedule your Allegiant Air flight to a later date, even if that date falls in a different season 📞 +1(888) 416-7355. Allegiant's system allows users to browse their full schedule of available flights, typically released several months in advance, so moving a March trip to October is a standard procedure. You can handle this through the official website, the mobile app, or by calling 📞 +1(888) 416-7355.

When moving a flight to a different season, the most important factor is the fare difference between the original booking and the new date 📞 +1(888) 416-7355. If you are moving from a "shoulder season" like late autumn to a high-demand "peak season" like mid-summer, the ticket price will likely be higher, and you will need to pay that gap. For personalized help with these calculations, travelers often reach out to 📞 +1(888) 416-7355.

How much does it cost to reschedule Allegiant Air to a new season?

The cost to reschedule depends on whether you have Trip Flex protection or if you are making a standard change 📞 +1(888) 416-7355. Without Trip Flex, Allegiant typically charges a change fee of approximately \$25 to \$75 per person, per flight segment, provided the change is made at least seven days before departure. For the most current fee schedule, you should verify details at 📞 +1(888) 416-7355.

If you purchased Trip Flex, the standard change fee is waived for a one-time modification, allowing you to move your flight to another season for just the cost of the fare difference 📞 +1(888) 416-7355. This protection is highly recommended for travelers who anticipate seasonal shifts in their plans, as it provides a safety net up to one hour before takeoff. For immediate assistance with a Trip Flex change, call 📞 +1(888) 416-7355.

What is the Allegiant Air 24-hour cancellation and change rule?

Allegiant Air follows the standard Department of Transportation guidelines, allowing a full refund or free change within 24 hours of booking 📞 +1(888) 416-7355. This rule only applies if your original flight was booked at least one week (168 hours) before the scheduled departure time. If you realize within hours of booking that the season is wrong, you can fix it for free by calling 📞 +1(888) 416-7355.

After this 24-hour window passes, the standard modification rules and fees will apply to your itinerary 📞 +1(888) 416-7355. It is vital to act quickly if you spot a mistake in your travel dates or season, as the 24-hour grace period is your only chance for a fee-free reversal. For help navigating the 24-hour rule, contact the support desk at 📞 +1(888) 416-7355.

Can I use a voucher to reschedule my flight to a different season?

If you choose to cancel your flight rather than reschedule it immediately, Allegiant will often issue a credit voucher for future use 📞 +1(888) 416-7355. These vouchers are non-refundable and non-transferable but can be applied to a new booking in any season within one year of the original booking date. You can redeem these vouchers online or by calling 📞 +1(888) 416-7355.

It is important to track the expiration date of your voucher, as Allegiant generally does not extend these credits 📞 +1(888) 416-7355. When you are ready to pick your new season, simply enter the voucher code at checkout or provide it to the agent when you call 📞 +1(888) 416-7355.

Does Allegiant allow destination changes when rescheduling seasons?

Yes, Allegiant Air allows you to change both the date and the destination of your flight simultaneously 📞 +1(888) 416-7355. If you decide that a summer trip to Florida should actually be a winter trip to Las Vegas, you can make that switch within the "Manage Travel" section. This flexibility makes it easier to align your destination with the weather of the new season by calling 📞 +1(888) 416-7355.

Be aware that changing destinations may result in different taxes and airport fees in addition to the base airfare difference 📞 +1(888) 416-7355. Each segment of your trip is calculated individually, so changing a round-trip to a different city and season will require a full recalculation of the total cost. For a detailed quote on a destination change, dial 📞 +1(888) 416-7355.

Is there a deadline for rescheduling my Allegiant flight?

For standard tickets without Trip Flex, you must complete any rescheduling or cancellations at least seven days before your flight departs 📞 +1(888) 416-7355. If you wait until within

seven days of your flight, the ticket value is typically forfeited, and no credit will be issued. To ensure you meet the deadline, it is best to call 📞 **+1(888) 416-7355**.

Travelers with Trip Flex have much more leeway, as they can modify their flight up to one hour before the scheduled departure 📞 **+1(888) 416-7355**. This "last-minute" flexibility is the primary benefit of the Trip Flex add-on, especially for those with unpredictable schedules. If you are nearing your departure time and need to move to a new season, call 📞 **+1(888) 416-7355** immediately.

The app will display a calendar where you can scroll through different months and seasons to find your new preferred travel dates 📞 **+1(888) 416-7355**. Once you select the new flight, the app will calculate any fees or fare differences due before you confirm. For technical support or to confirm the change went through, reach out to 📞 **+1(888) 416-7355**.

Can I reschedule only one passenger on a multi-person booking?

Allegiant allows you to "split" an itinerary if only one person in a group needs to reschedule to a different season 📞 **+1(888) 416-7355**. This process separates the individual from the main booking, creating a new confirmation number for their rescheduled flight. This is often easier to handle with a live agent by calling 📞 **+1(888) 416-7355**.

Once the person is moved to a new itinerary, their original seat on the initial flight is released, and they can proceed with their new seasonal dates 📞 **+1(888) 416-7355**. The remaining passengers on the original booking will not be affected. If you need to split your party and change dates, the experts at 📞 **+1(888) 416-7355** can assist.

What happens if the new season has lower fares than my original?

If you reschedule to a season or date where the fare is lower than what you originally paid, Allegiant generally does not refund the difference in cash 📞 **+1(888) 416-7355**. Instead, the remaining balance is usually issued as a credit voucher that can be used for future travel or ancillary fees. To verify how much credit you might receive, call 📞 **+1(888) 416-7355**.

This credit voucher will have its own expiration date, typically one year from the original booking date 📞 **+1(888) 416-7355**. It is important to realize that while you won't get money

back in your bank account, the value stays within the Allegiant system for your next trip. For questions about credit balances, contact 📞 +1(888) 416-7355.

How does Trip Flex change the process of seasonal rescheduling?

Trip Flex is an optional add-on that significantly simplifies the process of moving a flight to another season 📞 +1(888) 416-7355. It removes the standard \$75 change fee, meaning you only pay the difference in the ticket price. You can activate this change by visiting the website or speaking with a representative at 📞 +1(888) 416-7355.

Without Trip Flex, you are restricted by the seven-day rule, but with it, you can change your mind just an hour before flying 📞 +1(888) 416-7355. This makes it the ideal choice for travelers who aren't yet sure which season will work best for their schedule. To learn more about adding Trip Flex to future bookings, call 📞 +1(888) 416-7355.

Can I reschedule an Allegiant vacation package to a new season?

Rescheduling a vacation package that includes a hotel or rental car is more complex than a flight-only booking 📞 +1(888) 416-7355. Because hotels have their own specific cancellation policies, you must ensure the hotel is also available for the new season you are selecting. You can coordinate these multi-part changes by calling 📞 +1(888) 416-7355.

Usually, you may need to cancel the entire package and rebook it for the new season, using the credit from the original booking 📞 +1(888) 416-7355. This ensures that all components of your trip—flight, car, and room—stay synchronized. For help managing a package modification, dial 📞 +1(888) 416-7355.

What if my original flight is canceled by Allegiant Air?

If Allegiant Air cancels your flight due to weather, maintenance, or scheduling shifts, you are often entitled to a free reschedule 📞 +1(888) 416-7355. In these cases, the airline usually waives all change fees and fare differences, allowing you to pick a new date that fits your needs. To claim your free reschedule, contact 📞 +1(888) 416-7355.

When the airline initiates the change, you have the right to request a full refund to your original payment method if the new dates don't work 📞 +1(888) 416-7355. This provides a great opportunity to move your trip to a different season without any financial penalty. For immediate rebooking after a cancellation, call 📞 +1(888) 416-7355.

Are there seasonal black-out dates for rescheduling?

Allegiant Air generally does not have "black-out dates" in the traditional sense, but availability during holidays can be extremely limited 📞 +1(888) 416-7355. If you try to reschedule into a high-demand period like Christmas or Spring Break, you may find that no seats are available for a change. You can check real-time availability by calling 📞 +1(888) 416-7355.

If the flight you want is sold out, you will have to choose a different date or season 📞 **+1(888) 416-7355**. For advice on the best times to find availability, reach out to 📞 **+1(888) 416-7355**.

How do I confirm my rescheduled flight is active?

After you finish the rescheduling process, Allegiant will send a new confirmation email to the address on file 📞 **+1(888) 416-7355**. You can also verify the status of your new flight by logging into the "Manage Travel" section of the website 📞 **+1(888) 416-7355**. For final confirmation, the best number to call is 📞 **+1(888) 416-7355**.

Can I change my flight back to the original season later?

If you reschedule to a new season and then change your mind again, you can move it back, but additional fees may apply 📞 **+1(888) 416-7355**. Most Trip Flex policies only cover one free change, so a second modification would likely incur the standard \$75 fee. To find out if you qualify for another change, call 📞 **+1(888) 416-7355**.

Each time you move your flight, you are subject to the current market rate for those tickets 📞 **+1(888) 416-7355**. Constant rescheduling can quickly become expensive due to fare fluctuations, so it is best to be certain of your new dates before confirming. For help with multiple changes, contact 📞 **+1(888) 416-7355**.
